## PERMIT\*

The New Jersey Department of Environmental Protection grants this permit in accordance with your application, attachments accompanying same application, and applicable laws and regulations. This permit is also subject to further conditions and stipulations enumerated in the supporting documents, which are agreed to by the permittee upon acceptance of the permit.

Permit No. W-11-01-7018

Issuance Date

Effective Date

Expiration Date

PWS-ID No. 2004002

February 4, 2002

Issuance Date

See General Condition No. 10

## Name and Address of Applicant

Elizabethtown Water Company  
1341 North Avenue  
Plainfield, New Jersey 07062

## Location of Activity/Facility:

Route 18, Section 2A:Hoes, Davidson & Mellars  
Piscataway Township, County of Middlesex

## Type of Permit

Potable Water Supply

## Statute(s)

N.J.S.A. 58-12A-1.1et. seq.

## This permit grants permission to:

1. Relocation and replacement of existing 600mm (24") diameter water mains on Davidson Road by 4,375 linear feet of 24-and 8-inches diameter water mains due to re-alignment of Davidson Road with Hoes Lane to make way for the construction of new ramps for Route 18 extension.
2. Operate the facilities approved by this permit and distribute water for potable purposes from said works.

## According to an engineer's report entitled:

"Engineer's Report for NJDEP Permit Application - Relocation of Water Mains, Elizabethtown Water Company - 200mm and 600mm (8" & 24") Township of Piscataway, New Jersey for Reconstruction of Route 18, Section 2A, Township of Piscataway, Middlesex County, New Jersey", dated November 2001, prepared by Gannett Fleming, Inc., received November 19, 2001;

## According to plans entitled:

"Elizabethtown Water Company, Route 18 Extension, Section 2A, Piscataway Township, New Jersey - Vicinity of Davidson Road, Hoes Lane and Mellars Lane- 24", 16" & 8" Water Mains- NJDEP Permit Application Plans" dated November 15, 2001, last revised November 15, 2001, prepared by Gannett Fleming, Inc., received November 19, 2001;

## According to specifications entitled:

"Construction Specifications for NJDEP Permit Application - Relocation of Water Mains - Elizabethtown Water Company - 200 mm and 600 mm (8" & 24") Township of Piscataway, New Jersey for Reconstruction of Route 18, Section 2A", dated October 2001 (Revised November 2001), prepared by Gannett Fleming, Inc., received November 19, 2001; and

This permit is subject to specific and general conditions contained in the following page(s):

New Jersey is an Equal Opportunity Employer

**Page 2 of 3**

**Permit No.:** W-11-01-7018

**Issuance Date:** February 4, 2002

**Applicant:** Elizabethtown Water Company

This permit is subject to the following **SPECIFIC CONDITIONS:**

1. The operations of the public water facility shall be under the supervision of an operator or operators who shall possess a valid license or licenses issued by the New Jersey Department of Environmental Protection, pursuant to the provisions of the Water Supply and Wastewater Operators' Licensing Act, N.J.S.A. 58:11-64 et seq.; The minimum required licensing classification(s) shall be W4 and T4 or equivalent and in accordance with the Licensing of Water Supply and Wastewater Treatment System Operators, N.J.A.C. 7:10A-1.1 et seq., and the supplements thereof and amended thereto;

**End of specific conditions.**

**General conditions continued on page 3 of 3**

**Permit No.:** W-11-01-7018

**Applicant:** Elizabethtown Water Company

**Issuance Date:** February 4, 2002

This permit is subject to the following **GENERAL CONDITIONS**:

1. The permit is revocable, or subject to modification or change, at any time, when in the judgment of the New Jersey Department of Environmental Protection such revocation, modification or change shall be necessary.
2. The issuance of this permit shall not be deemed to affect in any way action by the New Jersey Department of Environmental Protection on any future application.
3. The works, facilities and/or activities shown by plans and/or other engineering data, which are this day approved, subject to the conditions herewith established, shall be constructed and/or executed in conformity with such plans and/or engineering data and said conditions.
4. No change in plans or specifications shall be made without prior written permission from the New Jersey Department of Environmental Protection.
5. The granting of this permit shall not be construed in any way to affect the title or ownership of property, and shall not make the New Jersey Department of Environmental Protection or the State a party in any suit or question of ownership of property.
6. This permit does not waive the obtaining of Federal or other State or local Government consent when necessary. This permit is not valid and no work shall be undertaken until such time as all other required approvals and permits have been obtained.
7. A copy of this permit shall be kept at the work site, and shall be exhibited upon request of any person.
8. In the examination of plans and/or other engineering data, the New Jersey Department of Environmental Protection does not examine the structural features of the design, such as thickness of concrete or its reinforcement, the efficiency of any electrical or mechanical equipment or apparatus; and the approval herewith given does not include these features.
9. Water distribution by said works shall at all times meet the applicable standards for quality. Additional units for the derivation, treatment and for distribution of the water shall be established if and when required by the New Jersey Department of Environmental Protection.
10. For this permit to remain valid, the facilities approved in this permit shall be constructed and placed into service within three (3) years from the effective date of the permit. Within 30 days of completion of the approved facilities the permittee/engineer shall notify the Department of the completion date and certify that the facilities were constructed in accordance with the approved plans and specifications.

**End of General conditions.**

*This permit is also subject to special provisos and general conditions stipulated on the attached 3 pages which are agreed to by the permittee upon acceptance of the permit.*

## PART I

### PROVISOS

#### A. Project Specific Provisos

1. That the proper operation and maintenance of the sewer system approved herein is the sole responsibility of the OWNER AND OR APPLICANT named herein or its assignees.
2. That watertight manhole covers must be provided for manholes that may be subject to street flooding or located within a flood hazard area.
3. That all sewerage conveyance facilities which are to be abandoned shall be emptied of wastes and either removed or abandoned in place in a manner which is acceptable to the administrative authority.
4. That no unpermitted discharge of raw sewage and/or untreated wastewater is to occur as a result of the construction approved herein.
5. That except as provided in N.J.A.C. 7:14A-22.4, any future sewer connections into the sanitary sewer system approved herein will require a treatment works approval from the N.J.D.E.P.
6. That all septic tanks, dosing tanks, seepage pits, dry wells and cesspools which are to be abandoned shall be emptied of wastes and removed or filled completely with gravel, stones or soil material in a manner which is acceptable to the administrative authority.

**GENERAL CONDITIONS FOR TREATMENT WORKS APPROVALS****Section A. GENERAL CONDITIONS**

1. This permit is revocable, or subject to modification or change, at any time, when in the judgement of the Department of Environmental Protection of the State of New Jersey such revocation, modification or change shall be necessary.
2. The issuance of this permit shall not be deemed to affect in any way action by the Department of Environmental Protection of the State of New Jersey on any future application.
3. The works, facilities, and/or activities shown by plans and/or other engineering data, which are this day approved, subject to the conditions herewith established, shall be constructed and/or executed in conformity with such plans and/or engineering data and the said conditions.
4. No change in plans or specifications shall be made except with the prior written permission of the Department of Environmental Protection of the State of New Jersey.
5. The granting of this permit shall not be construed to in any way affect the title or ownership of property, and shall not make the Department of Environmental Protection or the State a party in any suit or question of property.
6. This permit does not waive the obtaining of Federal or other State or local government consent when necessary. This permit is not valid and no work shall be undertaken until such time as all other required approvals and permits have been obtained.
7. A copy of this permit shall be kept at the work site, and shall be exhibited upon request of any person.
8. No treatment unit or conveyance system may be by-passed which would result in the discharge of untreated sewage into any of the waters of the state.
9. The full responsibility for adequate design, construction and operation of the treatment works, and the full responsibility for successful collection, treatment, and discharge of pollutants shall be on the applicant.
10. The issuance of approval by the Department shall not relieve the applicant of the continuing responsibility for the successful collection, treatment, or discharge of pollutants for the continuing compliance with any applicable effluent limitations, permits, regulations, statute, or other law.
11. Review and approval is based solely upon the information contained in the application and the contents of the engineer's report as certified by the licensed professional engineer as being in compliance with the Department's Rules and Regulations.

**Section B. CONSTRUCTION COMPLETION CERTIFICATION**

1. Within 30 days of completion of the treatment works approved herein, the permittee shall submit two executed forms, WQM005 Certification of Approval, to the appropriate sewage treatment plant (STP) for their approval prior to operation. One executed copy approved by the receiving STP shall be forwarded to the appropriate Bureau and address noted on the cover page of this approval. Failure to submit the certification within 30 days of completion of the project may be grounds for revocation of the permit. Should partial operation be required prior to completion, approval will be under local jurisdiction.
2. In cases where the project and the receiving treatment facility are one in the same, the WQM005 Certification of Approval form must be submitted to the Bureau and address noted on the cover page of this approval within 30 days of completion of the treatment works. Failure to submit the certification within this time period may be grounds for revocation of the permit.

**Section C. PERMIT EXPIRATION AND EXTENSIONS OF TIME**

1. This permit shall remain in force for a period of only two years from the date of approval unless stated otherwise within the special provisos, or construction of said works has begun within the approved time frame. Interruption of construction of said works for a period of more than two years may serve as a basis for permit revocation.
2. Treatment works approvals may be extended beyond the original two year approval date, to a maximum of five years from the original issuance date, in accordance with the terms and conditions in N.J.A.C. 7:14A-22.12, unless stated otherwise within the special provisos. A time extension request must be received by the Department prior to the permit's expiration date. Requests must be submitted to the Bureau and address noted on the cover page.

**Section D. ADJUDICATORY HEARING REQUESTS**

1. Pursuant to N.J.A.C. 7:1C-1.9 et seq., any interested person who considers himself or herself aggrieved by this action, may, within 10 days of publication of notice of the decision in the DEP bulletin, request a hearing by addressing a written request for such hearing to the:

Office of Legal Affairs  
Attention: Adjudicatory Hearing Requests  
Department of Environmental Protection  
P.O. Box 402  
Trenton, NJ 08625-0402

Such a request should include a completed Administrative Hearing Request Checklist and Tracking form for Approvals or Denials, enclosed herein. This form is required, as DEP is the transmitting agency to the Office of Administrative Law, pursuant to N.J.A.C. 1:1-8.2.

## PART I

### PROVISOS

#### A. Project Specific Provisos

1. That pursuant to N.J.A.C. 7:10A-1 et seq., an appropriate public wastewater collection system licensed operator will be required for your system.
2. That watertight manhole covers must be provided for manholes that may be subject to street flooding or located within a flood hazard area.
3. That all sewerage conveyance facilities which are to be abandoned shall be emptied of wastes and either removed or abandoned in place in a manner which is acceptable to the administrative authority.
4. That no unpermitted discharge of raw sewage and/or untreated wastewater is to occur as a result of the construction approved herein.
5. That this permit is being issued for zero flow due to the fact that the construction approved herein will convey and/or treat existing wastewater flows.

02-0066

Part II

**GENERAL CONDITIONS FOR TREATMENT WORKS APPROVALS****Section A. GENERAL CONDITIONS**

1. This permit is revocable, or subject to modification or change, at any time, when in the judgement of the Department of Environmental Protection of the State of New Jersey such revocation, modification or change shall be necessary.
2. The issuance of this permit shall not be deemed to affect in any way action by the Department of Environmental Protection of the State of New Jersey on any future application.
3. The works, facilities, and/or activities shown by plans and/or other engineering data, which are this day approved, subject to the conditions herewith established, shall be constructed and/or executed in conformity with such plans and/or engineering data and the said conditions.
4. No change in plans or specifications shall be made except with the prior written permission of the Department of Environmental Protection of the State of New Jersey.
5. The granting of this permit shall not be construed to in any way affect the title or ownership of property, and shall not make the Department of Environmental Protection or the State a party in any suit or question of property.
6. This permit does not waive the obtaining of Federal or other State or local government consent when necessary. This permit is not valid and no work shall be undertaken until such time as all other required approvals and permits have been obtained.

# PART I

## PROVISOS

### A. Project Specific Provisos

1. That pursuant to N.J.A.C. 7:10A-1 et. seq., an appropriate public wastewater collection system licensed operator will be required for your system.
2. That watertight manhole covers must be provided for manholes that may be subject to street flooding or located within a flood hazard area.
3. That all sewerage conveyance facilities which are to be abandoned shall be emptied of wastes and either removed or abandoned in place in a manner which is acceptable to the administrative authority.
4. That the owner and/or applicant shall be responsible for maintaining the sewer line between chamber number 1 and chamber number 2, which may have less than three feet of cover, so as to ensure that the integrity of the line is maintained and to prevent freezing conditions which may result from inadequate cover.
5. That no unpermitted discharge of raw sewage and/or untreated wastewater is to occur as a result of the construction approved herein.
6. That this permit is being issued for zero flow due to the fact that the construction approved herein will convey and/or treat existing wastewater flows.
7. That no construction is to take place in floodplains or in the area of stream crossings until such time as a Stream Encroachment permit or a determination of non-jurisdiction is issued by the Department's Land Use Regulation Program.
8. Prior to initiating construction, the applicant is required to obtain a determination of jurisdiction from the Department's Land Use Regulation Program pursuant to the Waterfront Development Law (N.J.S.A. 12:5.1 et. seq.).
9. That the project site to be served by the sanitary sewer system approved herein encompasses wetlands as delineated on the U.S. Fish and Wildlife Service National Wetlands Inventory mapping and may require an approval from the Department's Land Use Regulation Program. The issuance of this permit does not exempt the applicant of the responsibility to comply with all applicable requirements of the Freshwater Wetlands Protection Act.

**GENERAL CONDITIONS FOR TREATMENT WORKS APPROVALS****Section A. GENERAL CONDITIONS**

1. This permit is revocable, or subject to modification or change, at any time, when in the judgement of the Department of Environmental Protection of the State of New Jersey such revocation, modification or change shall be necessary.
2. The issuance of this permit shall not be deemed to affect in any way action by the Department of Environmental Protection of the State of New Jersey on any future application.
3. The works, facilities, and/or activities shown by plans and/or other engineering data, which are this day approved, subject to the conditions herewith established, shall be constructed and/or executed in conformity with such plans and/or engineering data and the said conditions.
4. No change in plans or specifications shall be made except with the prior written permission of the Department of Environmental Protection of the State of New Jersey.
5. The granting of this permit shall not be construed to in any way affect the title or ownership of property, and shall not make the Department of Environmental Protection or the State a party in any suit or question of property.
6. This permit does not waive the obtaining of Federal or other State or local government consent when necessary. This permit is not valid and no work shall be undertaken until such time as all other required approvals and permits have been obtained.
7. A copy of this permit shall be kept at the work site, and shall be exhibited upon request of any person.
8. No treatment unit or conveyance system may be by-passed which would result in the discharge of untreated sewage into any of the waters of the state.
9. The full responsibility for adequate design, construction and operation of the treatment works, and the full responsibility for successful collection, treatment, and discharge of pollutants shall be on the applicant.
10. The issuance of approval by the Department shall not relieve the applicant of the continuing responsibility for the successful collection, treatment, or discharge of pollutants for the continuing compliance with any applicable effluent limitations, permits, regulations, statute, or other law.
11. Review and approval is based solely upon the information contained in the application and the contents of the engineer's report as certified by the licensed professional engineer as being in compliance with the Department's Rules and Regulations.

02-0068

Part II

**Section B. CONSTRUCTION COMPLETION CERTIFICATION**

1. Within 30 days of completion of the treatment works approved herein, the permittee shall submit two executed forms, WQM005 Certification of Approval, to the appropriate sewage treatment plant (STP) for their approval prior to operation. One executed copy approved by the receiving STP shall be forwarded to the appropriate Bureau and address noted on the cover page of this approval. Failure to submit the certification within 30 days of completion of the project may be grounds for revocation of the permit. Should partial operation be required prior to completion, approval will be under local jurisdiction.
2. In cases where the project and the receiving treatment facility are one in the same, the WQM005 Certification of Approval form must be submitted to the Bureau and address noted on the cover page of this approval within 30 days of completion of the treatment works. Failure to submit the certification within this time period may be grounds for revocation of the permit.

**Section C. PERMIT EXPIRATION AND EXTENSIONS OF TIME**

1. This permit shall remain in force for a period of only two years from the date of approval unless stated otherwise within the special provisos, or construction of said works has begun within the approved time frame. Interruption of construction of said works for a period of more than two years may serve as a basis for permit revocation.
2. Treatment works approvals may be extended beyond the original two year approval date, to a maximum of five years from the original issuance date, in accordance with the terms and conditions in N.J.A.C. 7:14A-22.12, unless stated otherwise within the special provisos. A time extension request must be received by the Department prior to the permit's expiration date. Requests must be submitted to the Bureau and address noted on the cover page.

**Section D. ADJUDICATORY HEARING REQUESTS**

1. Pursuant to N.J.A.C. 7:1C-1.9 et seq., any interested person who considers himself or herself aggrieved by this action, may, within 10 days of publication of notice of the decision in the DEP bulletin, request a hearing by addressing a written request for such hearing to the:

Office of Legal Affairs  
Attention: Adjudicatory Hearing Requests  
Department of Environmental Protection  
P.O. Box 402  
Trenton, NJ 08625-0402

Such a request should include a completed Administrative Hearing Request Checklist and Tracking form for Approvals or Denials, enclosed herein. This form is required, as DEP is the transmitting agency to the Office of Administrative Law, pursuant to N.J.A.C. 1:1-8.2.
